

## Her Life in Your Hands

To see how your donations will help protect her from malaria, follow the instructions below.

1. Visit [www.netresult.ie](http://www.netresult.ie)
2. Click the square box on the screen (it looks the same as the box on the right.)
3. Click 'allow', to let the site use your webcam.
4. Hold this page up so that your webcam can see it, and follow the instructions on screen.

### Malaria: The facts

There are up to half a billion cases of malarial infection every year, with over 1 million people needlessly dying every year. Over 80% of those deaths occur in sub-Saharan Africa among children under five.

### How UNICEF is helping

In 2007 UNICEF bought and distributed 18.8 million bed nets and in 2008 the figure rose to 20 million. UNICEF's global target for 2009 is to buy and distribute 25 million bed nets.

### Follow this campaign

UNICEF Ireland's goal in 2009 is to send 100,000 nets to protect the most vulnerable children from malaria for years to come. Follow our progress at [www.netresult.ie](http://www.netresult.ie) throughout 2009 to track our success and your generosity.
